The donor also receives an acknowledgement when an honor or memorial gift is received by the Foundation. A special card is sent to the person identified by the donor. The amount of the contribution is never revealed. When an honor or memorial gift is received by the Foundation, a special card is sent to the family of the person who has passed away and is a wonderful gift to dedicate to the family.

The Black Hills Area Community Foundation gratefully accepts and treats each individual gift.
Every year, we receive grant requests from hundreds of nonprofit organizations in the Black Hills. Your family’s memorial gift will help us fulfill more of these requests and support these organizations.
